Like Sushi Train – But Lebanese

MEZZA TRAIN SYDNEY

Like Sushi Train - But Lebanese. It's that simple!

Mezza Train is the world's first restaurant serving authentic Lebanese and Mediterranean dishes – sushi train style.

That's right, we've crafted a menu inspired by traditional Tayta recipes, and placed them on a conveyer belt. Genius, huh!

Kafta, Sumbousik, Fattoush – oh my!

You can claim a seat on the train and graze on all the Mezza-goodness, or secure a table and order from the full menu. Either way, you're in for a treat.

When you arrive, you're welcomed into our home and into our culture. It's interactive – with a strong focus on food and sharing the whole experience. Hospitality is what we do best!

The bar stocks a strong selection of local and important beer, wine and spirits. Cocktails are also on show, for those who prefer something a little special.

It's not just about the food – it's about our culture and our lifestyle.
